PRESS RELEASE FROM THE LEADER OF THE SOUTH AUSTRALIAN
OPPOSITION (MR. DON DUNSTAN).

The Leader of the Opposition (Mr. Dunstan) said today that South Australia should learn from the experiences of European countries and start NOW to plan for industrial development, protection of citizens and social services.

Mr. said the Liberal Party in SA had scrapped all plans for developing the State along the same lines as Sweden, Northern Italy and Switzerland, where industrial expansion was highly advanced.

"Health and education under the Liberal Government is now at a lower level than in most European countries.

"The Liberals have also removed from price control a number of important household goods, including butter, milk, bread, clothing and building materials, and had increased bus and train fares.

"This means the value has been taken out of our pay packets and we cannot buy as much as we used to be able to.

"The Liberals have refused to proclaim the Builders Licencing Act, so that many of our migrants are being taken down by dishonest and unskilled builders.

"They have also refused to provide protection for people buying used cars and home appliances on a hire purchase agreement.

"If you believe in good planning to get better employment, better education for your children, and better health and social services, the Labor Party is your party.

"I urge you to vote for Labor on May 30."
